

FINDING CHILD CARE

Selecting the right child care is an important step in the life of you and your child. We know how time consuming and difficult the task can be. Our staff can make it easier by providing you with referrals to programs that might best suit your families' individual needs.

When requesting a referral from Child Care Support Services we will provide you with a child care referral tailored to your individual needs, as well as information that will help you make an informed decision when selecting a child care program for your child. Information included is based on individual need and may include: Child Care Subsidy Program information, guides and descriptions of the various types of child care for you to consider.

Referrals to child programs are not intended to be recommendations of programs. As the parents or guardian you have the responsibility of choosing a child care program that best meets the needs of your family and child.
